

A photograph showing the main board component side of a device. The green printed circuit board (PCB) is populated with various electronic components, including a microcontroller, memory chips, and connectors. A USB Type-C port is visible on the right side. The board is placed on a blue textured surface, and a black ruler with white markings is positioned above it for scale. The ruler shows measurements in centimeters (10, 20, 30, 40, 50) and millimeters. The PCB has labels such as 'key-', 'key+', 'LED+', 'LED-', 'BATT', and '20150306'. A small component is labeled 'AIR004A' and '031844'.
